SAFETY STATEMENT AND PHOTO RELEASE

Participants will take on a variety of projects that will require the use of laboratory facilities and hand and power tools. All participants will be given safety briefings and instructions prior to the use of any laboratory or shop equipment. Participants will be expected to conduct themselves in a responsible manner and follow all safety guidelines, instructions, and rules during the program. Participants will be supervised at all times when equipment and tools are used; however, safety is ultimately the responsibility of the person using the equipment and tools. A participant may be dismissed from the program if he or she is unable or unwilling to follow all safety guidelines, instructions, and rules.

I understand my son or daughter may have his/her photo taken for media purposes and future program advertisements.
